¹For the reason explained in the Cautionary Statement at p. 33 above, the mere number of opinions attributable to particular courts or judges for a single year may not be significant in estimating judicial output.

²Generally, over a sufficient period of time, such as two years or more, these, together with those in column (e), reliably indicate the output of the Court or Judge in question.

³Ordinarily these involve substantially less work than an original opinion of the Court, but occasionally the contrary is true.

⁴Ordinarily these are comparable to an original opinion of the Court.

*Justice Werlein resigned 9-1-1967, Justice Peden appointed to fill the vacancy.
